Nominating Committee_AGM 2016

Q: The nominating committee report does not include NCC as a responsibility for nominating new members. It should be clarified as to how people are put on the NCC as there was some confusion about the process last year.

(Julie Stobbe)

A: This was not an identified responsibility given to the new Nominating Committee last year as the NCC was already in place before the committee was formed. Resigning members were replaced through recruitment efforts by the Board as a whole and through calls for volunteers in POC Talk. It will be a responsibility for the Nominating Committee following the conference, should it be required.
